

Speaker 1: I can do either. I will either do Diet Coke or Diet Pepsi, generally. Yeah. I like both. Coffee. Hands down. Coffee, because coffee, it has more caffeine in it, and that's really the only answer that I can think of, of why I prefer it. I will drink tea, but I think coffee is better.

I love both, but if I really had to choose, I would probably say puppies, because I mean, they're puppies. I prefer to do phone calls. I prefer to hear what the person is saying, because it's not just what they're saying, it's how they're saying it.

But texting also can be good, in the sense that you can get all your thoughts out, which is sometimes a good thing, sometimes a bad thing. But yeah, I prefer phone call. Well, when I do it, which is not that often. Not as often as I should. Probably weights.

Waffles, because waffles are better. iPhone, because an iPhone is better than an Android. I will stand by that. Depends on the cake, depends on the pie, I guess. Probably overall, I enjoy eating pie more than I enjoy eating cake.

Oh man. I think the dishes, because you're dealing with old food, and that to me is just gross. I would say the dishes. Depends on the day. Yeah. I don't know. Just really depends, I can't make a decision on that one. Because a good, just good old hamburger, it just hits the spot. But sometimes a soft shell chicken taco, it's good too. I can't choose between the two.

Car. I don't have a reason to have a truck. I think they take up a lot of gas a lot times. I would go with the car. Amusement park. And because, I just feel like there's a lot more stuff to do. I don't like to just sit, and to me that's not relaxing. To me, relaxing is doing fun things. And not that you can't do fun things at the beach, but I feel like most of the time you're just lounging. I like to go to amusement parks.

Popcorn. Popcorn's one of those foods where I don't ever necessarily crave, but then when I smell it, when I go in the movie theater I'm always like, "I got to have some popcorn."

This is kind of embarrassing, but I say TV, because for me, I enjoy watching movies. I enjoy watching TV shows, because I like to see, just the acting and the way people, I don't know. I enjoy watching theater and TV, and movies and all that. But I also do enjoy reading. I just, if I had to choose between the two I'd probably choose TV.

That's a difficult one. I'd say mountains. I really just enjoy staying in a hotel or a cabin that's in the mountains. I think there's just something so tranquil about that. Yeah. Mountains. Countryside. I've lived in both, but I just think that it's more relaxing to live out in the country.

Summer, because I hate the cold. I don't care. I could sleep through anything. I've fallen asleep in an action movie in the movie theater before. I mean, if I'm tired enough I'll go to sleep. It doesn't make any difference to me.

See, okay. I've thought about this question and I don't know, are we saying which group of people would we rather hang out with, or which one would we rather be, because that's two different things.

I would rather be a ninja, because I feel like they just have a lot of life skills that I don't have, and I think that'd be kind of cool. But I think I'd rather hang out with pirates, because they just seem like they're more fun. Yeah.
